**LUSTER CARE PRODUCTS**

Luster Care means:  
 “A Show-quality shine within a minimum amount of time”.

The sophisticated US – Custombike- and Showcar – scene confirms Luster Care as the perfect range of polishing and cleaning products since many years. Users who demand top quality rely on the extraordinary features of Luster Care Products for restoration works, to remove corrosion or for the finishing care.

The patented Luster Lace strips are unique and save up to 70% of work time on round or tubular objects like spokes, exhaust etc.. Luster Lace and Luster Pad (for flat and uneven parts as rims or engine covers) offer an unbeatable polishing power. Both products are ready to use, further crèmes or pastes are not needed ... the ideal care for blank metal as aluminum, stainless, titanium, brass and copper.

The range is completed with Chrome Polish, the special product for fine chrome, gold-plated and anodized parts and (New!) Paint Polish for all painted and clear-coated parts. Luster Seal protects the shine up to 6 months.

Luster Care = The New Way To Polish!

 METAL POLISH

Luster Lace, the world's first and only 360° polish is not only patented but also awarded in the USA as "Most Innovative Product". Luster Lace polishing strips are especially designed to work on spokes, rods, front forks, exhaust or any other round or tubular object. The polish is in the strip, further crèmes or pastes are obsolete. Owing to the enormous polishing power on the surface and the 360° mode of operation you don't miss a spot and save up to 70% of work time.

# Luster Lace

METAL POLISH

Luster Lace is available in 3 convenient sizes:

### LusterLace Narrow

-ideal for spokes  
14 strips, 12mm wide

### LusterLace Medium

-for medium size parts  
9 strips, 20mm wide

### LusterLace Wide

-for large diameters  
6 strips, 30mm wide

### LusterLace Combo

-assortment for all parts  
9 strips, all 3 sizes

### Luster Lace Revitalizer

One of the unique characteristics of Luster Lace is the fact, that especially Lace and SuperPad can be used several times. Just a few drops of Revitalizer are enough to replenish the liquid ingredients and to reactivate the used product.

Luster Lace Revitalizer –  
bottle, 59ml

# Luster PAD

METAL POLISH

### Luster Pad - The polish in the cloth

Flat and uneven parts as rims or engine covers are polished without using any further liquids or pastes. The combination of special polishing components embedded in a surgical cotton results in its “extreme shine formula”. Luster Pad does not leave any polishing marks or fine scratches ... just 100% of brilliance.

Luster Pad – jar, approx. 86g

# Luster SuperPAD

METAL POLISH

### Luster SuperPad – The polishing pad for large areas

SuperPad is the ideal product to work on very large surfaces as tanks, disc wheels or diamond plate. Of course, also SuperPad contains the polish. The handy polishing pad consists of tear proof material and can be reactivated with Revitalizer.

Luster SuperPad – 1 polishing pad, Ø approx. 13cm

## Luster Lace Chrome Polish

Chrome Polish is a non-abrasive polish and super protectant especially formulated to let your chromed, gold- and platinum-plated parts shine the way they have deserved it = nothing less than brilliant. Chrome Polish is also ideal for sensitive surfaces like anodized or painted metal.

Luster Lace Chrome Polish – bottle, 216ml

# Luster Seal

METAL SEALANT

## Luster Seal – Metal Sealant

Protect the shine with Luster Seal up to 6 months. Its formula has been developed especially for the application on top of Lace and Pad. It seals out pollution and oxidation and protects the surface from splash water and brake dust. Luster Seal is abrasive-free and UV-resistant.

Luster Seal – bottle, 236ml

## NEW! Luster Lace Paint Polish with white Carnauba.

The Luster Care “extreme shine formula” is now extended to painted surfaces. Clean, polish and protect paint, plastic and fiberglass. Luster Lace Paint Polish is a 3-in-1 cleaner, polish and protectant for all vehicle finishes. Its formula removes minor swirl marks, scratches and blemishes while leaving a UV protective coating. Contains Carnauba

Luster Lace Paint Polish – bottle, 473ml

# Luster DETAILER

## LusterDetailer

LusterDetailer is made for the use between washings to keep that just polished shine.

LusterDetailer easily lifts dust, bugs, tree sap, lightly road film, water spots, and bird droppings from painted surfaces, chrome, fiberglass, plastic and glass. LusterDetailer is specially formulated to clean without scratching and leaves a smooth, slick, deep shine with a protective water repellent coat.

Luster Detailer – spray bottle, 59ml / 237ml / 650ml
